

11/18/22

Thank you to everyone who was in attendance for conferences. Two short weeks piled up together. I will not put out a newsletter next week, enjoy your family and don't worry about trying to read anything from me. A lot of success continuing to walk through our hallways. Middle school robotics is having a lot of success in their league. Mrs. Wood highlighted her French award winners during conferences. It is great to see all kinds of achievements in this school. I continue to see great participation in everything we have to offer. Enjoy this weekend and the long break with your family!
